

Stay 22

Description

[Stay 22](#) is an interactive map to search, compare and book hotels & rentals near your event. The Stay22 solution places the venue in the middle of an interactive map alongside all available accommodations nearby through their connection with [booking.com](#), [Vrbo.com](#), [Expedia.com](#), and [Hotels.com](#).

Customers can filter hotel and rental options by categories such as price, rating and type, with the booking page opened by a single click.

This solution is free, easy to integrate to your customer journey and gives you the opportunity to increase your revenue through booking commissions.

Typology

Hotel Booking
