

# Cash drawer (DT105U)

## 1) Windows

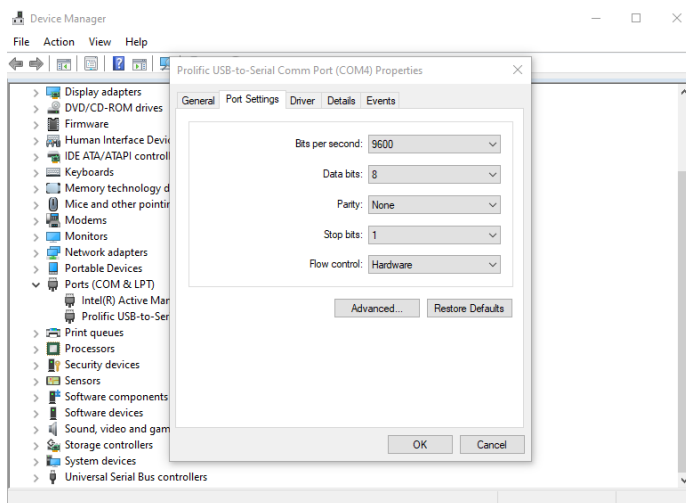

You need to install drivers from the CD (delivred with the device)

Or get them here [PROG0077.zip](#) (on some restricted environments, you may also need this one: [tiroir caisse.zip](#))

(older version, just in case: [PROG0061.zip](#))

Check the flow Control = Hardware

## 2) Configure in SecuTix
